(Hitting & Fielding Clinic)

Description

We will work on several different styles of drills and techniques, including fielding, hitting, pitching. Targeted drills will help to improve your eye to ball coordination, and bat speed. Did you have certain areas you struggled with this past season? Discuss these issues with Dallas and together you can work on some strategies to correct them.

As well as group participation, there will also be one on one instructional time to evaluate your individual swing performance. Attending more than one clinic will prove to be beneficial to your game and playing level.

If time permits at the end of the clinic we may even play a few of our unique RBI hitting or throwing games. Come prepared to do it all and have fun while learning.
